

How to download and extract the Dealer-Packages

Go to our download page:

English: www.dealer.mcfk.de

German: www.haendler.mcfk.de

In this tutorial we use the browser Mozilla Firefox. After you **type the address** in the address-field of the browser, you find all Dealer-Packages in an overview. In this example we will download the Complete Dealer package. Make a **click on the icon or text** "Dealerpackage – Complete". Choose the point **open with [Windows Explorer]** and press **OK**.

The screenshot shows the MCFK website interface. At the top, there is a navigation bar with the MCFK logo and the tagline "carbon par excellence". The navigation menu includes: HOME, PRODUCTS, NEWS, DOWNLOADS, DISTRIBUTOR, and CONTACT. Below the navigation bar, the page is divided into sections for different product categories, each with a "Dealerpackage" link and a ZIP icon:

- DOWNLOAD ALL DEALERPACKAGES**
 - Dealerpackage - Complete (circled in red)
- HANDLEBAR**
 - Dealerpackage - Handlebar MTB
 - Dealerpackage - Handlebar Rennrad
- STEM**
 - Dealerpackage - Stem
- SEATPOST**
 - Dealerpackage - Seatpost
- SADDLE**
 - Dealerpackage - Saddle
- LEFTY HEAD TUBE**
 - Dealerpackage - Head Tube
- WHEELSET**

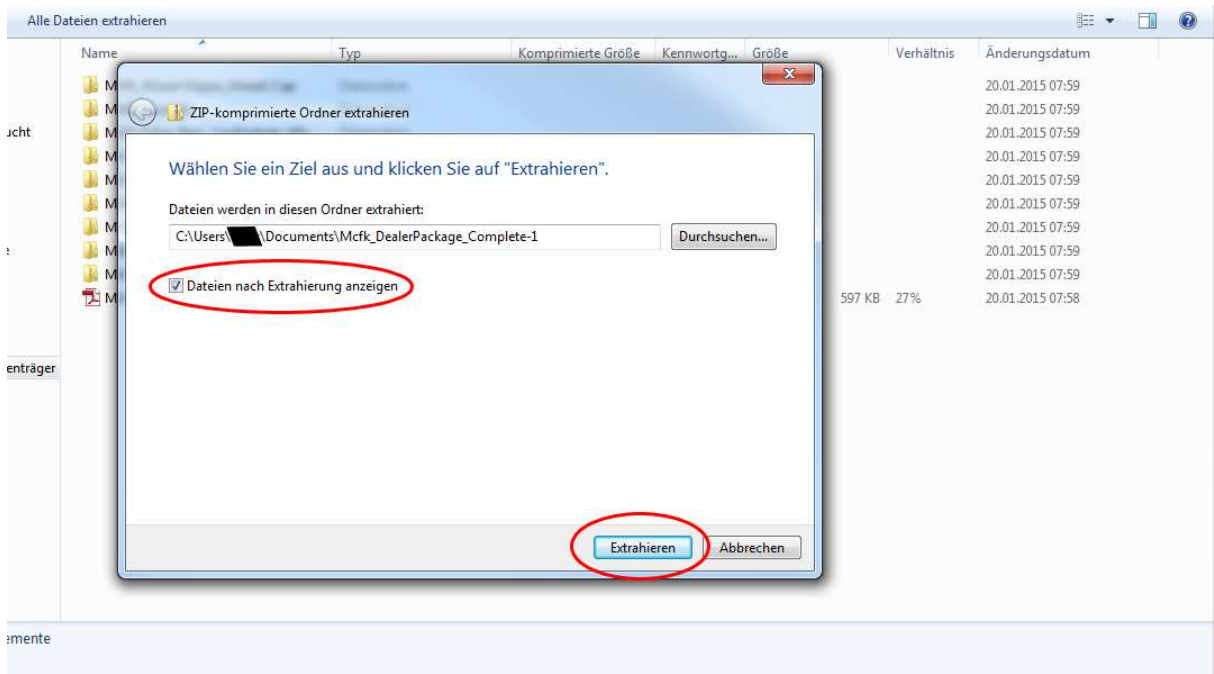

Overlaid on the right side of the page is a Windows file dialog box titled "Öffnen von Mcfk_DealerPackage_Complete.zip". The dialog displays the following information:

- Sie möchten folgende Datei öffnen:
- Mcfk_DealerPackage_Complete.zip
- Vom Typ: Compressed (zipped) Folder (188 MB)
- Von: http://www.mcfk.de
- Wie soll Firefox mit dieser Datei verfahren?:
- Öffnen mit: Windows-Explorer (circled in red)
- Datenspeichern
- Für Dateien dieses Typs immer diese Aktion ausführen
- Buttons: OK (circled in red) and Abbrechen

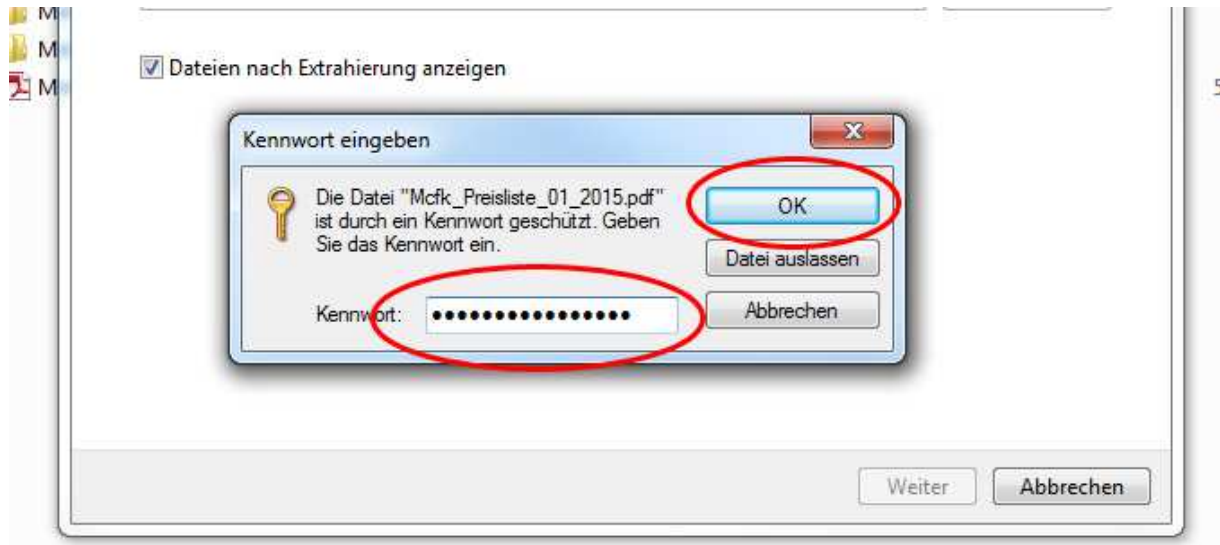

After the download is complete, the Folder will be open in Windows Explorer. Now you have to **extract all files**.

A new window will be open. You can change the folder, where you want to extract, when you click on browse. Please select the checkbox **show all files after extraction** and press the button **extract**.

The package is protected with a password. Please **type the password**, which you get from us via E-Mail and press **OK**.

All files are extract and you can work with these.
